And it is self explanatory. I will give you some small and easy to do embroidery designs you can make on your plain bedsheet and matching pillowcases. There is nothing earth shattering about these designs; a child can draw and stitch them. But when you place them carefully on the fabric and work them with patience and care, you can transform your bedsheet or pillowcase into a thing of beauty. Start filling the round shapes with slightly curved bullion stitches done with embroidery thread in 2 or 3 variations of the same color, as in the picture below. Finish by doing the leaf. Check out this post on rose embroidery for details on this stitch. Embroidery design No. 3 A simple diagram of a 4 petal flower can be filled with long and short stitches. Fill the middle portion with pistil stitches. Embroidery design No. 4 Cute little french knot stitches fill the circle. Start by making the french knots with a dark color at the center of the circle. Then choose lighter colors and fill the outer area. Related post : French knots Embroidery design No. 5 Fill the petals with straight stitches. Add a french knot in the middle. You can finish by adding a french knot in the middle. Related post : How to do blanket stitch. Embroidery design No. 8 Use satin stitches to fill the inside of the flower, leaves etc. Related post : How to do satin stitch. Embroidery design No. 9 Divide those circles by four and start doing satin stitches on each of the four sections. You will end up with a sweet little flower. Embroidery design No. 10 This design is similar to pinwheels. But the shape of the flower is different and hence creates a completely different look.
